

# Improve the phishing email

Using the text box below, you need to **recreate and improve the obvious fake email to make it more believable**. Remember the end goal is to encourage the user to click on the link.

To create a 'good' phishing email, you should:

- Add some context at the beginning - make it relevant to a Mastercard employee
- Mask the hyperlink within text
- Use correct spelling and grammar
- Add points of legitimacy

Once you've submitted your email, we'll show you an example of a good phishing email.

Here is the obvious fake:

```
From: mastercardsIT@gmail.com
To: employee@email.com
Subject: URGENT! Password Reset Required-

Body:

Hello (insert name) ,

Your email account has been compromised. immediate action is required to reset
your password!

Click here to reset your password in the next hour or your account will be lock
ed: [https://en.wikipedia.org/wiki/Phishing](https://en.wikipedia.org/wiki/Phis
hing)

Regards,Mastercard IT
```

# My email

From: security@mastercard.com

To: employee@email.com

Subject: Action Required: Immediate Password Reset Needed

Body:

Dear [Employee Name],

We have detected unusual activity on your Mastercard email account and require you to take immediate action to ensure your account's security.

For your protection, please reset your password as soon as possible using the secure link below. Failure to do so within the next hour may result in temporary suspension of your account.

[Click here to reset your password](#)

If you have any questions or need further assistance, please contact our support team directly.

Thank you for your prompt attention to this matter.

Best regards,

Mastercard IT Security Team
